

Royall Says He Asked For Probe Of Big 'Overpayment'

By JOHN W. HENDERSON
Washington, July 10 (AP)—Undersecretary of War Kenneth Royall disclosed today that he had asked the Justice Department for a complete investigation of an "overpayment" of more than \$1,000,000 received by Batavia Metal Products company on a war contract.

He told the Senate War Investigating Committee, digging into the operations of an Illinois munitions combine, that he also had asked Attorney General Tom Clark to inquire into the earnings and costs of Erie Basin Metal Products company, an affiliate of Batavia.

In a letter to Clark which he made public at the committee hearing, Royall said he understood that the Justice Department even then was inquiring into the tax affairs of the two companies.

Asked Complete Report
Royall's disclosure came after he had testified earlier that Rep. May (D-Ky.), chairman of the House Military Committee, had attributed to him responsibility for an investigation of the Kentucky congressman's relations with Erie.

Royall told the committee that he first learned of the "overpayment" to Batavia during May through a report from his executive officer.

He then asked for a complete report, he said, of the activities of all persons connected with the overpayment. He said that he had not as yet received that full report, but that he expected to within a day or two.

Meanwhile, he said he had received a preliminary report. Using that as the basis for his testimony, he told the committee that Batavia had received an advance of \$4,500,000 in May of 1945 on a contract for construction of bomb components.

May Quiz Company Heads
In his letter to Clark, the undersecretary wrote that there was doubt that the company was in "such a financial condition" that it could make good on the over payment he mentioned.

He testified that what he called the original \$4,500,000 "overpayment" was reduced from time to time as Batavia made deliveries on its contract.

Company officials may be called to testify soon.

George Meader, committee counsel, told reporters there was a "possibility" that Dr. Henry Garsson, central figure in what Chairman Mead (D-NY) has described as a "paper empire," would take the stand before the end of the day.

Charge "Suppression"
The assertion that the committee had not permitted one side of the story to be told was made late yesterday by Henry M. Paynter, Wash. (Please Turn to Page 2)

ASK WOMEN TO HELP PRODUCE R.C. CLOTHING

The Adams County Red Cross today appealed to all women in the county to take part in a production program designed to do as much as possible to relieve suffering on the part of peoples in war-stricken countries, who unless aided, will go cold with little clothing next winter.

Designed particularly to help keep the number of children who freeze to death next winter at a minimum in countries where thousands have been impoverished by the war, the production program of the local Red Cross now is confined to the making of overalls and shorts for young boys. Other chapters throughout the U. S. are engaged in sewing and knitting other garments for others in the war-stricken countries.

"The need for production at present is as great, if not greater than at any time during the war," Mrs. P. J. McGlynn, production chairman for the county Red Cross, said today.

Work Thursdays and Fridays
"Then we were making articles of clothing not only for our own soldiers and sailors and marines but for the people in allied countries as well. We still have the production for the allied peoples. There are millions who had everything taken away from them by the war, people whose homes were destroyed, whose farms were rendered useless by shells, whose place of work was destroyed. They have nothing and they need everything."

One hundred and thirty boys' overalls and 120 boys' shorts are scheduled to be made by the county chapter. The parts for the overalls and shorts have been cut out and all that is needed is to sew them together, Mrs. McGlynn pointed out.

Those who wish to help in sewing the garments can call at the Red Cross production center on East High street Thursday or Friday afternoons. Those who wish to take the garments to their homes to make them can do so, or those who wish to sew at their production center will find sewing machines available there, Mrs. McGlynn said.

GIVE MEMORIAL FOR REV. FRANTZ

Books "on the Christian way of life" are to be placed in the Adams County Free Library as a memorial to the late Rev. John Franklin Frantz, father of the Rev. Nevin R. Frantz, pastor of the Arendtsville Reformed church, with funds donated to the library by the Arendtsville church for that purpose.

The Zion Reformed church of Arendtsville has given \$20 and the Trinity-Bender's Reformed church of Biglerville contributed \$10 for books in memory of the deceased father of their pastor. The elder Rev. Frantz had occupied both pulpits on various occasions during his son's pastorate.

The late Rev. Mr. Frantz died suddenly on the evening of Mother's Day, May 19, after conducting regular services in St. Luke's Evangelical and Reformed church at Lancaster where he was pastor.

His son, now the pastor of the Arendtsville Reformed church, is president of the Adams County Ministerium and is a member of the board of directors of the county library.

Births and deaths according to districts follow: Gettysburg, 39 births, 10 deaths; Cumberland township, one birth, three deaths; Straban, two births, one death; Highland, one death.

During the first six months of the year there have been 232 births and 79 deaths. The totals are nine births more and 13 less deaths than for the similar period in 1945.

M'SHERRYSTOWN WILL CLOSE ITS SINGLE SCHOOL

The school board of McSherrystown voted, at a joint meeting Tuesday night with the Conewago township school board at the Sand Hill school, to close its one-room school in McSherrystown and send its pupils to Conewago township schools, this fall.

McSherrystown has been employing one teacher, and maintaining a one-room school in the borough for 15 pupils, at a cost of \$2,500 a year, Dr. Robert A. Bream, assistant county superintendent of schools said.

Since Act 403 has become effective, the state reimbursement to the McSherrystown school would amount to only \$300, leaving \$2,200 for the district to pay if it kept its school open. The state had been paying \$1,300 a year.

Get Transportation
Through the joint agreement, McSherrystown pupils will be furnished transportation by the Conewago board on the same basis as provided for Conewago pupils, and the Conewago board will provide educational facilities for the McSherrystown pupils grades one through eight at a special consideration of \$50 per pupil per year for 15 pupils. The state will reimburse McSherrystown board \$200 a year for closing the school, making the cost for the 15 pupils \$550 a year as against \$2,200.

The educational advantage to McSherrystown pupils will be in the fact that they will attend a graded school organization, since Conewago proposes to assign two grades to each of its teachers, Dr. Bream said. This is the first joint agreement signed in Adams county this year between school districts, although several others are contemplated, Dr. Bream said.

Conewago township will continue to operate its four schools under the new graded system, Sand Hill, Locust Grove, Midway and Mt. Pleasant.

VET GIVES AID TO AILING VET

Two men, both of whom are veterans of Pacific fighting in World War II, and battles with malaria contracted during their service, met Monday afternoon near Gettysburg much to the advantage of one of them.

One of the men, John Costa, of St. Louis, was on his way to Baltimore when a recurring attack of malaria struck him. He drove into a service station near town and collapsed. Sick and shaken with a fever of 106, he lay near the station and begged for water. An attendant at the station called the local hospital and Pvt. Charles Downey, of the local sub-station of the state police drove the ambulance to the scene.

Downey, who was recently transferred to the local station, is another World War II veteran who fought in the Pacific and who suffered badly from malaria and still carries atabrine for recurrences of the disease.

He found Costa in a dry sweat, begging for water. Downey gave him water and atabrine and then brought him to the hospital. Costa was discharged from the local hospital Tuesday afternoon.

Mr. Weaver sustained the burns when a bucket of gasoline being used in cleaning the motor of his car at Rau's garage, Aspers, caught fire.

Melvin Rau, owner of the garage, spilled the flaming contents over Mr. Weaver as he attempted to take it from the building.

Mrs. Fietta M. Myers, 99, widow of B. Frank Myers, died at the home of her son-in-law and daughter, Mr. and Mrs. Calvin K. Gilbert, 40 Hanover street, Tuesday evening at 9:40 o'clock.

Mrs. Myers, one of the oldest residents of Adams county, was born in Carroll county, Md., a daughter of the late Mr. and Mrs. Michael Swartz. She resided most of her life in Adams county and was a member of the Christian Scientist church. Her husband died about 20 years ago.

BUTTER, FRUIT AND ICE CREAM PRICES "JUMP"

Ice cream, butter, fruits and such articles have started up the financial ladder in some local stores while most commodities have retained a close relationship to prices prior to the expiration of price control, a survey of some of the stores revealed this morning. Most grocers seemed determined to keep prices as low as possible.

Oranges jumped about \$2 per crate, wholesale, forcing an increase of approximately 20 cents a dozen to consumers.

Local meats are in good quantity at most stores doing their own butchering, or obtaining supplies from nearby butchers, but meat from the national packers was still scarce. Price rises of from two to three cents a pound were noted for some types of meat, although on the whole the price structure remained about the same as in OPA days.

Ice Cream Higher
Ice cream prices increased from \$6.25 to \$7.25 for a five gallon can, wholesale, with many stores raising their prices about five cents a quart in order to keep even with the increase. Ice and Storage company officials pointed out that the increase gives them only five cents a gallon profit. Most of their wholesale ice cream is purchased due to inability to produce enough at the local plant. The wholesale price to Ice and Storage is \$1.40 per gallon. From the nickel profit comes all expenses connected with transportation and handling, the local firm pointed out.

Other ice cream manufacturers have jumped their prices locally from \$5.75 to \$7.25 for five gallons. It is explained its increase was due to the increased price of milk.

Butter Prices Up
Butter is selling from 79 to 80 cents a pound and reports were heard this morning of higher than 80 cents a pound charges for the butter. Under OPA the price was 68 cents.

Local storekeepers, however, pointing out that the amount of butter has increased during the past week, look for the market to soon reach a point where the price will drop to possibly 75 cents or below.

Milk is selling at 15 and 16 cents a quart in town, while in other sections, notably Philadelphia, it has already jumped to 19 cents a quart.

Advertising Pays In More Ways Than One
Borough police are finding that "it pays to advertise." Announcement was made by police Tuesday in The Gettysburg Times that notices henceforth will be mailed to all persons who receive traffic violation tickets and fail to turn them in within 24 hours. Unless they then remit \$10.27, representing a fine and costs, within ten days, warrants will be issued.

The announcement brought results Tuesday evening and this morning more than a dozen old tickets, some issued as far back as June 25, were brought in to the police at their new headquarters in the Murphy building.

The police have a new system and a new book to keep track of those who do not appear with their red tickets within 24 hours. The number of the ticket, the license of the car, the time and date issued, and other information, is entered daily in the book. The entries are checked each evening. Then the notices go out to the delinquents.

Cost of a parking meter violation is \$1, compared with \$10.27 if more than 24 hours elapse.

Arrange Time Schedule For V-J Day Events Here; Parade Moves At 1:30 p.m.

The time schedule for events to take place here during the afternoon and evening of V-J Day, August 14, as Adams county stages its Welcome Home celebration for its veterans of World War II was set up at a meeting of the general committee Tuesday evening at the court house.

General preparations were advanced for a full afternoon and evening of entertainment with the former servicemen and women of the county as the guests of honor.

Plan Sports Events
A high spot in the afternoon's entertainment will be a baseball game between two teams of the National Colored League. One team will be the Baltimore Elite Giants and the other aggregation will be announced within a week or two. It will be a regularly scheduled game between the teams which play in Baltimore on the preceding day and in Harrisburg on August 15.

A new feature proposed for the first time Tuesday evening will be an exhibition game early in the evening between two of the leading softball teams of Adams county.

All of the day's events following the afternoon parade—which will move from Springs avenue at 1:30 o'clock—will take place on Gettysburg college grounds.

2 DRIVERS ARE EXONERATED IN FATAL ACCIDENT

The committee decided the celebration will be staged regardless of weather conditions. Preparations are too elaborate and involve too many factors to permit postponement, the members agreed.

The day's events will begin in the morning when churches throughout the county will open to worshippers and it is expected that many will arrange for special memorial services of thanksgiving services.

So that all ex-servicemen and women in the county may enjoy the Welcome Home celebration planned for them, the committee has asked employers in the county to declare at least a half-holiday.

Exercises at 2:15
The schedule for the afternoon and evening follows:
1 P. M.—Parade forms on Springs avenue under the direction of Chief Marshal LeRoy H. Winebrenner.

1:30 P. M.—Parade moves up Chambersburg street to Center square, north on Carlisle street to Lincoln avenue, west to the college grounds where it will enter Memorial stadium by the north gate. A large space will be reserved for the paraders in front of the speakers' rostrum.

2:15 P. M.—Formal exercises in the college stadium with the address by General Jacob L. Devers, York, commanding general of the Army Ground Forces, followed by brief memorial services honoring the more than 100 countians who made the supreme sacrifice. A Protestant minister, a Catholic priest and a Jewish rabbi will participate in the service.

Pro Baseball Game at 3:30
3 P. M.—Ceremonies at rostrum will end.
3:30 P. M.—Baseball game on Nixon field between the Baltimore Elite Giants and another team of the National Colored league.

5 to 8 P. M.—Serving of free suppers to veterans and their families with preparations being made to serve 8,000 individuals. There will be music during the supper hour. Arrangements are being made for an exhibition game between two top-flight softball teams in the county from 6 to 7 p. m.

7:30 to 9 P. M.—Concert by massed bands on the campus.
8 to 12 midnight—Dance in the college gymnasium with music by popular dance bands from York and Lancaster.

9 P. M.—One-hour display of fireworks begins, climaxing the day's events.

Starting off the afternoon's events will be what promises to be one of the largest Adams county parades ever staged. Invitations are being sent to all of the patriotic, fraternal and civic organizations in the county to take part. They will be invited to have their membership march, to enter floats in the parade or participate in any way in which they wish.

Edmund W. Thomas, finance committee chairman, reported \$3,127.50 already collected with "definite promises" of an additional \$1,205. Much of the county remains to be covered, he stated. "Generally the appeal has met with a great deal of approval and there has been a fine response from organizations and individuals who are making their contributions as an indication of their gratitude for the sacrifices of those who served in the armed forces."

Judge W. C. Sheely read the committee a letter from the Rev. Howard S. Fox, secretary of the Gettysburg Ministerium, asking the Welcome Home committee to "consider the advisability of having the sale of liquor prohibited throughout Adams county."

INDIA TAKES FIRST STEPS TO FREEDOM

By DEWITT MACKENZIE (AP Foreign Affairs Analyst)

The All-India Congress, of which Mahatma Gandhi is the guiding spiritual and political light, has accepted the British plan for Indian independence; and since the Moslem league already had agreed, Hindustan's four hundred millions at long last are surging out onto the broad highway which, barring some untoward development, will in due course lead them to self-rule.

This momentous decision was taken by the delegate assembly of the All-India Congress at Bombay. And it was the frail little Mahatma (he once told me that the Sermon on the Mount had been the greatest inspiration in his life) who impelled the great assemblage to agree to the English proposals and thereby bring peace to India.

It was a tense situation, for the Socialist wing of the Congress demanded rejection of the plan. The Mahatma, filled with the wisdom of his 79 years, sat at his spinning wheel on the platform of the auditorium and shrewdly he spun his yarn until the right moment arrived, and then he made his plea. Opposition wilted before this amazing personality who is the greatest single influence in India.

Feeling Was Tense

So Gandhi, who has led his country's fight for freedom through many decades, counseled peace and cooperation at what is probably the crowning moment of his career. Comparisons are likely to be inevitable but one can't help looking back four years to another very different meeting of the All-India Congress party in that same vast canvas pavilion. This was in August of 1942 after the Indians had rejected the British offer of dominion status brought to them by the mission under Sir Stafford Cripps.

Feeling was tense and bitter throughout the sub-continent. The Congress party had been called to adopt a resolution to make Gandhi leader of a campaign of non-violent disobedience. That meant rebellion without the employment of force, for Gandhi throughout his life has preached non-violence. Nevertheless the revolt was designed to drive the British from India.

Off To Good Start

Ten thousand people crowded together in the stifling heat and humidity of Bombay in August. Still they took no thought of discomfort, for they were intent on the greatest drama of their day. The Mahatma—bare save for his loincloth—sat cross-legged on a couch upon the speakers' platform, searching the faces of the assemblage through his great silver-rimmed spectacles, waiting for the opportune time to explain the meaning of the call to action. Finally he launched his appeal for a non-violent campaign of civil disobedience—and the die was cast.

The "non-violent" crusade almost immediately got out of hand, as was to be expected, and there were fierce clashes between the authorities and the natives. There was bloodshed and destruction on a wide scale, and hundreds of Indians were thrown into prison.

Despite the chaos of 1942-43 I was so sure the makings of peace were there that I wrote a book which I dared to entitle "India's Problem Can Be Solved." Well, it hasn't been completely solved yet, but it seems to be off to a good start, and your columnist is still optimistic.

Paris, July 10 (AP)—The Big Four Foreign Ministers, although still enmeshed in a bitter debate on the future of Germany, bent their efforts today toward final adjournment by this weekend. New York, July 10 (AP)—The United Nations secretariat was confronted today with the probable necessity of reshuffling its manifold arrangements for the general assembly meeting here in September to avoid a conflict in dates with the Paris peace conference.

Multiple Murders For Scotland Yard

London, July 10 (AP)—Scotland Yard indicated today a multiple murderer might have killed Dorothy Marshall, 21-year-old beauty whose nude and mutilated body was found near the exclusive south coast resort of Bournemouth, and that the man already was under arrest.

"We are not looking for anyone," said Supt. F. W. Carter, in charge of the Marshall case—perhaps the most brutal killing in Great Britain's worst crime wave of the century. At least six women and two small girls were among the murder victims.

Police declined to name the person suspected of killing Miss Marshall, whose throat and body were slashed under a cliff called "Lover's Leap" during a midnight thunderstorm.

CIO FURNITURE WORKERS SPLIT ON COMMUNISM

Washington, July 10 (AP)—A sharp split in the ranks of the Furniture Workers' union gave the CIO a new headache today over the issue of Communism.

More than half the members of the CIO United Furniture Workers of America want to divorce themselves from what they term a Communist wing of their organization.

George Bucher, leader of the rebellious group which has adopted a divorce resolution, announced in Philadelphia his determination to take up the problem here today directly with CIO President Philip Murray.

In New York UPWA International President Morris Muster already has submitted his resignation because, he said, the union had become "Communist controlled."

Threaten New Union

Bucher claims to represent 48 locals with a membership of 23,400, or more than half the union's 42,000 members. He and six other UPWA leaders were designated to see Murray in an effort to form "a furniture workers organization independent of all totalitarian groups including the Communist party and its affiliates."

"We want to remain in the CIO and we'll take every appeal we can to that organization," Bucher told a reporter on an earlier visit here. "However, as a last resort, if we are not allowed to throw off the yoke of Communism, we'll leave the CIO and form an independent organization of American Furniture Workers."

Murray himself raised the issue of Communism within the CIO by sponsoring a policy declaration adopted by the big CIO Steelworkers' Union at Atlantic City last May. It said the steelworkers would not allow Communists to dictate union affairs, although any member could "harbor such views as he chooses."

SIDNEY HILLMAN DIES SUDDENLY

Point Lookout, N. Y., July 10 (AP)—Sidney Hillman, 59, labor leader and national chairman of the CIO Political Action committee, died today.

Death came at 8:40 a. m. (EDT) at the Hillman summer home at 107 Glenwood avenue here. Hillman was pronounced dead of a heart condition by Dr. John Cahill, a neighbor.

Nassau county police reported that Dr. Cahill telephoned headquarters early today and asked for oxygen to be sent to the Hillman home. Cahill said the labor leader had been found unconscious in bed by his wife, Bessie. Two patrolmen rushed the tent to the home but Hillman succumbed shortly after.

Hillman was president of the powerful Amalgamated Clothing Workers of America and vice president of the CIO.

Borne in Zagare, Lithuania, he came to the United States in 1907 and went to work as a cutter in the garment industry.

He became interested in the labor union movement and his activity as a leader throughout the years which followed caused him to be regarded by workers and management alike as one of the most powerful, competent and brilliant of all.

In 1914, as a member of the old United Garment Workers Union, he led the revolt against the leadership of Thomas P. Rickert, formed the Amalgamated and won for the new union a liberal agreement with a Chicago men's clothing manufacturer.

Hillman, married and the father of two daughters, once said he regarded the strike as a weapon of the jungles.

Murder And Suicide Near Selinsgrove

Selinsgrove, Pa., July 10 (AP)—Coroner Reuben Shaffer of Snyder county, entered as a murder and suicide today the death of Samuel A. Zimmerman, Jr., 26, a recently discharged serviceman, and his wife, Faye Irene, 21, from gunshot wounds.

Coroner Shaffer said the man shot his wife and then turned the gun on himself in their home at nearby Freeburg yesterday while their four small children waited outside in an automobile to go for a promised ride.

Cpl. P. H. Ortmyer, of the state police, said Zimmerman had been highly nervous since he was discharged from the army after a year of overseas duty.

HILLMAN COMMENT

Washington, July 10 (AP)—President Truman said today the cause of democracy had lost "one of its most effective and devoted exponents" in the death of Sidney Hillman, head of the CIO's Political Action committee.

CIO President Philip Murray, longtime partner of Hillman in labor union and political fields mourned Hillman's death as "the passing of a great man."

New Jewish Campaign Looms In Palestine

Jerusalem, July 10 (AP)—The threat of a Jewish campaign of non-cooperation with the Palestine government took definite shape today as the inner Zionist council authorized the drafting of measures to implement the program.

At the same time a spokesman for the Arab higher committee announced that that group already had drawn up a plan to tighten the Arab boycott of Jewish goods and to use non-cooperation as a "preliminary weapon" to fight further Jewish immigration to Palestine.

The action of the inner Zionist council was designed to reinforce demands for the release of Jewish leaders who were arrested by British military authorities on June 29 following a two-week wave of violence and sabotage in the Holy Land.

Dr. Chaim Weizmann, president of the World Zionist organization, stated yesterday the British had "missed their chance" to restore peace in Palestine and that the Jews would "never give up their arms."

House Suspends Debate On Loan

Washington, July 10 (AP)—House debate on the \$3,750,000,000 British loan was suspended for 24 hours today after a flurry over Britain's policy in Palestine.

Advocates of a permanent fair employment practice committee insisted on taking up the regular Wednesday legislative calendar, hopeful of getting an FEPC bill on the docket before Congress adjourns for the summer.

Debate on the British loan took a dramatic turn late yesterday when Chairman Sol Bloom (D-N.Y.) of the Foreign Affairs committee declared:

"This is not a Jewish question. It has nothing to do with the Jewish question in Palestine. I'm voting as an American and not as a Jew. I intend to vote for the British loan."

Royall Says

(Continued from Page 1) ington public relations counsel, who said spokesmen for the Garson interests "told you most of the story in star chamber proceedings and you suppressed it as you did Congressman May's testimony."

He referred to Chairman May (D-Ky.) of the House military committee who has been pictured as having brought pressure to bear on war department officials in behalf of the Illinois munitions makers.

Chairman Mead (D-NY) replied that witnesses for the Garson group would have appeared earlier except that their attorney had requested a postponement.

"There is no Gestapo in this committee and there is no suppression of information in this committee," Mead declared.

Patterson's Testimony

This interchange occurred near the end of a day in which the committee heard Secretary of War Patterson describe these incidents, which occurred while he was under secretary.

1. On March 1, 1943, May telephoned with a "complaint" that work had been ordered stopped at the plant of the Batavia metal products company, Batavia, Ill. It was explained to May that this was in connection with a cut-back in army orders.

2. On March 24, 1945 May telephoned Patterson, "making inquiries as to the possibilities of an army-navy 'E' award to the Batavia company. Two days later Patterson forwarded to the award board the ordinance department's recommendation that the award be made, together with his own comment that "my sole desire is to have this nomination considered on its merits." Until that time the award had been withheld because of controversy over Batavia's use of labor, but on April 19, 1945, the secretary wrote May, informing him the award had been granted.

3. A few days after Patterson had frozen all payments to the Erie basin metal products company on September 6, 1945, to assure government recovery of surplus profits, he went to May's office at the latter's request. There he met two men, whose names he could not recall, who protested that the order would "prevent them from getting into civilian production." The secretary testified that he took no action other than to refer the two men to Col. Maurice Hirsch of the general staff corps.

Patterson emphatically denied that he had done anyone any favors, asserting "I am not in the business of doing favors for anyone."

Searching Party Rescuing Bodies

Seattle, July 10 (AP)—A searching party was to bring from the Cascade mountain wilderness today the remains of six occupants of a two-engine plane that disappeared April 26 a few minutes after taking off from Seattle on a cross-country flight.

The twisted, battered fuselage of the Cessna craft was found three miles southwest of Lake Keechelus, east of Snoqualmie pass, late yesterday. The searching party reported the four passengers and two pilots were killed outright when the plane crashed against the base of a big tree after treetops clipped off pieces of the craft for a quarter of a mile.

The pilots were two Seattle ex-army airmen: Left Buschmann, Jr., 22, and Walter Green, 28.

CLUB CONTEST

Cleveland, July 10 (AP)—Mrs. Katherine S. Carpenter, Jersey Shore, Pa., was nominated today for the post of third vice president of the National Federation of Business and Professional Women's clubs for the 1946-48 period. Named to oppose her by the nominating committee of the organization was Mrs. Nina Horton Avery, Richmond, Va.

Wilkes-Barre, July 10 (AP)—The Killian Roller Skating rink in near-by Kingston was struck by lightning and burned to the ground last night. Firemen estimated the loss at \$50,000.

VETO SHADOW ON NEW OPA

Washington, July 10 (AP)—The shadow of a possible second veto fell across the moribund OPA today as a bi-partisan Senate majority got set to ban any future ceilings on milk, butter and cheese.

Top-heavy with Republicans, this majority promised the dairy products exemption as a fresh onslaught against the administration's price control revival, already staggering under yesterday's 49 to 26 vote to keep the ceilings off meat, poultry and eggs.

Democratic Leader Barkley (Ky.) gloomily conceded to newsmen that there was no chance of preventing

the addition of dairy items to a control-free list that appeared likely to inspire a Presidential veto if finally approved by Congress.

He added he couldn't be sure, either, of lending off amendments to put cottonseed, petroleum, tobacco and possibly some other products in the same classification.

Cottonseed was first up as the Senate began the third day of debate on a measure Barkley and other sponsors had forecast the President would sign if they could preserve its major provisions as it came from the banking committee.

The meat and poultry decision—carried by 31 Republicans and 18 southern Democrats—came on an amendment offered by Senator Wherry (R-Nebr.). The 25 Democrats and one progressive who opposed it expected further setbacks.

Five runs in the first inning sent the Moose off to an easy win, Baltzley hurling shutout ball after the first inning.

In the opening game on the high school diamond Knox's Grocery blanked the Ice and Storage 3-0. The winners collected 13 hits while Felix granted the leamen five.

On the college field the Elks gained a tie with the West End Aires for fifth place by defeating the Aires 8-3. A seven-run attack in the fifth inning clinched the verdict for the lodgemen.

The Highway picked up a full game on the second-place Barbers by shutting out the VFW outfit 5-0 in the nightcap on the college field.

Munger Will Help Army With Sports

Philadelphia, July 10 (AP)—University of Pennsylvania Football Coach George Munger will fly to New York tomorrow or Friday, he said, to help U. S. Army officials organize a gridiron program for American occupational forces.

Munger said he will be accompanied by at least two other college football mentors but asserted he did not know who they would be. He said he would stay in Germany about two weeks instructing regular army coaches.

Sports Roundup

By HUGH FULLERTON, Jr.

New York, July 10 (AP)—The University of Detroit physics department set up special timing devices during spring football practice to help Coach Charles Baer figure out a way to stop "T" formation plays. The only thing they proved was that the plays were faster than the defenses. Next thing will be to measure the strength of jerseys grabbed in "cloth blocks." . . . It was Brooklyn's Dixie Walker who suggested turning over some of the All-Star game proceeds to the families of the Spokane players who were killed in that bus crash. . . . A former high school baseball player, Joe Curcio, the Newark welterweight, has a no-hitter in his record as a pitcher. That puts him even with Billy Conn.

HE HAT TO DO IT

Craig Wood, who hasn't been shooting such good golf lately, was playing with Byron Nelson in the recent Columbus, O., open tournament when Byron offered him that sunshade cap that has become a Nelson trademark. Wood put it on and promptly fired a 68, his best score in a long time. From now on Craig says he'll continue to wear the Nelson cap and Byron can get himself another if he wants it.

ONE-MINUTE SPORTS PAGE

Word from Boston is that the majors voted to open their ball parks to football "at the individual discretion of the owners." The American league still was agin' it, despite the advent of the football Yankees.

Look out for Iowa in Big Nine football next fall. George Taker, ex-Notre Dame and Great Lakes quarterback, has turned up there with a lot of other good athletes. Flyweight Champ Jackie Paterson trained at night for tonight's title tussle with Joe Curran. "I keep out of the public eye." That's where a lot of fighters should stay.

Babe Ruth, after switching to lighter golf clubs, recently shot 14 consecutive rounds between 73 and 77. Eleven of them were 76's. . . . Big Joe Repko and Mike Holovak, pals since they were kids in Lansford, Pa., and teammates at Boston college, will be playing on opposite sides for the first time in the All-Star football game in Chicago, August 23. Repko will be an All-Star tackle and Holovak is Los Angeles Rams fullback.

OUTLOOK DARK FOR BROOKLYN

(Associated Press Sports Writer)

The journeys of the league-leading Brooklyn Dodgers into the western sections of the national league haven't met with much success so far this season. The outlook for Leo Durocher's Bums is even darker today as the Brooks head for a third western invasion which opens at Chicago tomorrow when both major leagues resume play.

Boasting a five-game lead over the St. Louis Cardinals, the Brooks, who have won only nine of 20 games in their previous trips to Cincinnati, Pittsburgh, Chicago and St. Louis, will have a tougher task this time if their brilliant shortstop, Pee Wee Reese, remains out of action. Reese, who suffered a chipped vertebra in his neck in Boston Sunday, may be sidelined anywhere from three days to the balance of the season.

Road Record Poor

On their home grounds, the Dodgers have copied 29 out of 38 contests while on the road they have managed to take only 19 out 36.

In the American league, the Boston Red Sox, who lead the New York Yankees by seven-and-one-half games, will begin an 11-day stay at Fenway Park, where they have captured 31 contests, tied one and lost six. The Detroit Tigers will be "guests" of the Sox tomorrow.

"DREAM GAME" IS NIGHTMARE FOR NATIONAL

By BOB CAVAGNARO

Boston, July 10 (AP)—The National league could be thanked today that it won't have to face both Ted Williams and Hal Newhouse in the 1946 baseball World Series.

That was the only consolation the senior circuiters got out of the annual inter-league all-star game yesterday when American league's superior pitching and overwhelmingly more powerful hitting crushed the National leaguers under a 12 to 0 score.

Both sides used 21 players in the so-called dream game—a nightmare, for the Nationals—yet it was the performances of Detroit's great pitcher, Newhouse, and the Boston Red Sox's mighty belter, Williams, which stood out in the most lop-sided victory and gave the Americans a 9-4 lead in games in the 13 years of the series.

Four For Five

Williams easily was the more outstanding of the two. In five trips to the plate against the best-but-hopeless efforts of four National pitchers, tall Ted collected four hits—two homers and a brace of singles—and a walk. He scored four runs and batted in five.

That spectacular demonstration produced the following all-star individual records for the hub city slugger: 1, Most runs scored in one game; 2, Most runs batted in in one game; 3, Nine runs batted in in total games; 4, most home runs, three, in total games.

Williams also tied two records. First, his two circuit drives equalled the mark set by Arky Vaughan in 1941, and his four hits tied the record Ducky Medwick set up in 1937.

Cleveland's Bob Feller had the Nationals pretty well tamed by the time Newhouse relieved him after the third inning, following manager Steve O'Neill's pre-game plan for the star twirlers.

Two Hits Off Feller

In fact, Bob helped himself to a record before Newhouse mystified the Nationals with his slants. Feller struck out three to increase his all-star strikeout total to 12, good for a new high in the golden game.

He yielded two hits. Newhouse was even more effective than the illustrious Cleveland. He fanned four and gave up one hit.

By the time Newhouse retired and Jack Kramer of the St. Louis Browns took over the hill, the Nationals had virtually all the fight and hope knocked out of them. Kramer pitched hitless ball but allowed one walk.

By comparison, four National pitchers, Claude Passeau, of Chicago; Kirby Higbe of Brooklyn; Ewell Blackwell of Cincinnati; and Rip Sewell of Pittsburgh, were shelved for 14 hits, and yielded four walks.

Reading Youth On Esquire Team

Philadelphia, July 10 (AP)—A "jury" of nine major league baseball scouts named Milan Kemp, 16-year-old Reading (Pa.) high school shortstop, to represent eastern Pennsylvania in the all-American boys' game sponsored by Esquire magazine at Wrigley Field, Chicago, August 10.

Kemp won the honor in competition with 53 boys from 47 Keystone state communities yesterday at the third annual American Legion all-star meeting.

Triple Breaks Deadlock

The Reading youth lashed a 405-foot triple into Shibe Park's centerfield to break a 2-2 deadlock in the first game of a doubleheader and give the "Phillies" a 5-2 triumph over the "Athletics." In the nightcap, a youth team known as the "Carpenters" routed the "Macks" 10-3.

Philadelphia's National and American league clubs acted as co-hosts at the games.

Pitcher Curt Simmons of Coplay, Pa., was the 1945 eastern Pennsylvania all-American boy. He later was named the nation's all-American boy in the Esquire game.

Inter State League

(By The Associated Press)

Sunbury cut Wilmington's Interstate league lead to two and a half games last night by upsetting the Blue Rocks 8 to 4.

Allentown moved into fourth place—a half game ahead of Trenton who fell into the second division for the first time this season—by sweeping a doubleheader from Lancaster, 8 to 3 and 13 to 5.

In the only other game played, Trenton walloped Hagerstown 12 to 5.

Harrisburg and York were not scheduled.

Tonight's schedule: Harrisburg at York; Allentown at Lancaster; Hagerstown at Trenton, Sunbury-Wilmington, (not scheduled).

Game Called When Baseballs All Gone

Walden, N. Y., July 10 (AP)—Only five baseballs were available when Walden met Nyack (N. Y.) in a regularly-scheduled class D North Atlantic game last night.

In the sixth inning, the score deadlocked at 2-2, the umpire-in-chief signaled the contest's end. There were no baseballs left.

League Officials To Meet Thursday

A meeting of officials of the Adams County Baseball league will be held Thursday evening at 8:30 o'clock, DST, at the fire engine house.

Foremost in the business to be transacted will be the hearing of two protests lodged after decisions in recent games. Each team in the league will be permitted to have two representatives present.

M'PHAIL PLANS PLAYER COLLEGE

Phoenix, Ariz., July 10 (AP)—A super-system of baseball colleges is Larry McPhail's newest idea for dredging up prospective players for the New York Yankees.

The far-sighted Yankees president, who brought the farm club system to its greatest developments, envisions a nation-wide chain of baseball schools of higher learning into which the best sandlot players could be siphoned for intensive instruction and scrutiny.

First One In West

First of these colleges of diamond knowledge, McPhail indicated during a visit here with Del Webb, co-owner of the Yankees, would be established at Arizona State college.

The plan would send promising young players to the college for a 30-day expense-paid summer session. They would be housed in campus dormitories and would eat in the dining hall.

If successful, other schools would be opened at colleges in strategic locations throughout the country.

Reading Golfer Is Women's Medalist

Harrisburg, July 10 (AP)—Youthful Betty Fehl of the Berkshire Country club, Reading, was off to a fine start in her attempt to retain the Central Pennsylvania Women's golf championship. She took medal honors with a score of 85.

The Reading star, who won the tournament the last time it was played in 1941, begins defense of her crown today against Miss Margaret Snyder, of the Colonial Country club, site of this year's play.

In taking medal honors yesterday Miss Fehl was four strokes better than her nearest competitors, Miss Barbara Wiersham of the host club, and Mrs. A. E. Frakus, of the Meadia Heights Country club, Lancaster, were deadlocked for second with 89.

Costigan Lagging In Primary Vote

(By The Associated Press)

Rep. Hugh De Lacy (D-Wash.) led Radio Announcer Howard G. Costigan today in returns from a close primary election which found two members of the Franklin D. Roosevelt family on opposite sides of the fence.

James Roosevelt, son of the late President, urged that De Lacy be renominated. His sister, Anna Boettger, was for Costigan. The radio man, who contended during campaign that De Lacy was too far to the political left, lost to the incumbent in 1944.

Returns from 555 of the 771 precincts in the district, which includes Seattle and Bremerton, gave De Lacy 18,662, Costigan 15,810.

Elsewhere in Washington and Utah balloting yesterday for Senate and House nominations produced nothing out of the ordinary.

Eastern League

The Albany Senators, taking advantage of an open date for the first place Scranton Miners, last night picked up a full game in their fight to gain the eastern league lead by administering a double trouncing to the Binghamton Triplets, 2 to 1 and 9 to 4.

The second place Senators now are nine and one-half games off the pace.

No other eastern league games were scheduled last night, but several teams played exhibition contests with major league clubs.

The Detroit Tigers of the American league edged the Williamsport Grays, 4 to 3; the St. Louis Browns of the American league defeated the Elmira Pioneers 8 to 3, and the Chicago White Sox, also of the junior circuit, walloped the Utica Blue Sox, 10 to 4.

The Cleveland Indians will play an exhibition game tonight against the Wilkes-Barre Barons.

Tonight's schedule: Williamsport at Scranton; Hartford at Binghamton; Albany at Utica (only games scheduled).

OUR LOVES

It is a fine and stimulating thing to have a multitude of loves. Books, flowers, friends, rivers, forests, winding roads, antiques, and any number of other loves—the more the better.

Sir Walter Scott asked that the poems of Crabbe be read to him while he was dying. Perhaps it was the humanness of Crabbe that appealed to Scott. Crabbe was born in the midst of simple surroundings, and had the eye to see and the heart to feel. He saw such things as:

"Stakes and sea-weed withering in the mud."

He understood the poor because he came from the poor. And, like Gissing, his loves were born among the loves of simple folk.

The man, or woman, without a hoarding of loves, is an unfortunate human being. A friend of mine was about to paper his house, and he wanted each room to reflect something of the beauty of the intimate out-of-doors, and so he gathered a suitcase of autumn leaves, and took them to New York to a wall-paper house and told them he wanted designs and colors to match these of Nature's creation. We once stood under a pine tree and he pointed to the fallen cones upon the green grass, and exclaimed: "Aren't they beautiful!"

I handled a rare and precious book recently that was over four hundred years old. The very paper stimulated my love for this old volume. They took time to make good paper then. They had vision, who made it. They wanted the message upon it to live long.

All, or at least most of our loves, are inspired by sentiment. And is there anything quite so immortal, or important, as sentiment? I once heard Woodrow Wilson state, in an address, that the greatest things of this world were the things of sentiment. That statement of his is all that I remember of that address, though it was an important one, delivered when he was running for his second term as President of the United States.

It is important, not only to gather many loves, as we journey through life, but to keep watering them, keeping them fresh, and loaning them out, that others may be stimulated through their enjoyment and spiritual nourishment.

OPEN HEARINGS ON MILK PRICES IN HARRISBURG

Harrisburg, July 10 (AP)—The state milk control commission opened three-day conferences today with dealers and producers aimed at making official retail boosts of three cents a quart, already in effect in many Pennsylvania cities.

The three-cent boost for doorstep delivery of Grade B milk will bring the state-wide price to 19 cents except in the Pittsburgh and Hazleton marketing areas. In those places the delivered price will be 19¢ and 20 cents a quart respectively.

Dairies Win Injunction
Two Allentown dairies went into Dauphin county court yesterday and obtained a temporary injunction against the commission to prevent new price regulations being into affect in the Allentown area.

The dairies received the injunction from President Judge William M. Hargest, who set July 15 for a hearing on proceedings to determine if a proposed price differential can be granted to stores in the Allentown milk marketing area.

Areas covered in the first day's conference—closed to the public—were Philadelphia and Philadelphia suburban, Johnstown-Altoona, Lancaster and Reading.

Says Statement Necessary
In a statement yesterday, Chairman H. N. Cobb said increases were necessary due to the end of federal feed subsidies with the expiration of OPA and "in addition x x x OPA policies have been such that feed prices have increased and are still increasing to an extent that is seriously embarrassing every producer of milk in this state."

He added "milk distributors will not profit by any increase of price to the consumer, but a small percentage will go toward meeting advanced wage costs for plant labor and as commissions to milk truck drivers."

Predict Results Of Next Bomb Test

Aboard U. S. S. McKinley, July 10 (AP)—One million tons of water—a column nearly a half mile in diameter and 8,000 to 10,000 feet high will be blown into the air by the underwater atomic bomb, Vice Admiral W. H. P. Blandy estimated today.

The task force commander said ships within the column area "will get an awful working over" and those near the center are likely to be tossed into the air "in pieces if not together."

Blandy also made these points at a press conference:
There will be high waves, as much as 100 feet, flung out from the column but their height will fall off rapidly and probably will not exceed 10 feet by the time they hit the shore of Bikini Island.

Some ships may be capsized by the wave. "I think there will be considerable damage from the wave action as well as the shock of the bomb."

KEY RECOVERY
Marquette, Wis., July 10 (AP)—Members of the Nick Butman household have been hunting for a missing key to the family car for the last several weeks.

It turned up yesterday in a letter from Holland. The writer, recipient of clothes donated to Europe's needy by the Butman family, wrote:

"Please find enclosed the key to your motor car. You will certainly have more use for it than we will."
